

Applying for College

Applying online is recommended. If a student is unable to apply online, they may print a copy from the college website.

Online applications can be accessed from the website of each college. To find college web sites, visit <http://www.learnmoreindiana.org> or <http://www.collegeboard.com>

Research and begin the application process for most Ivy League colleges and Military Academies during your junior year.

Apply to other four-year and two-year colleges by September or October of your senior year.

All North Central transcripts for Indiana colleges must be requested via E-Transcript: <http://www.parchment.com> Students who are applying to out-of-state colleges may opt to bring a counselor form to Mrs. Cummings in order to request transcripts.

Colleges and Universities

These websites can help you find out more about colleges so that you can more easily choose the best College for you.
