Cafeteria Survey - On Wednesday, November 20 during Activity Period we are asking all students of North Central Jr/Sr High School to complete a survey in regards to school lunches/cafeteria. We hope you will be honest and forthcoming. At the same time we need our students as well as our parents to know that school lunches must meet federal and state guidelines and are not always what students want to eat. Also, contrary to rumors/social media etc... we have never ran out of food to serve our students. They might not have received the "choice" they wanted but there was food to be served. Problem: Students are asked to turn in to their teacher during activity period each day, a lunch count if they are eating and which choice they wish to be served. On Thursday, November 14 we had 120 students turn in to eat "chicken nuggets", the cafeteria prepared enough nuggets for 220 students to eat and still ran out. This is obviously a problem. While the cafeteria still had sandwiches and sides to serve, the chicken nuggets were gone.
