

Door Facelift adds Privacy to our Corporation Buildings

Take a drive to any of the corporation buildings to catch a glimpse of the front door “facelift.”

Not only does the Window Perf material provide school spirit, but it also provides privacy while still allowing light to filter through and the ability to look out of the doors and windows.

Ryan Gillman, WTWO Educator of the Month

North Central Counselor Mr. Ryan Gillman was recognized this month by News Channel 2 (WTWO) as their Educator of the month.

WTWO kicked off a campaign in September to honor a different educator each month through May. Winners are rewarded with a Yeti tumbler and a \$250 donation to their school.

Congratulations, Mr. Gillman!

Accelerated Reader™

What is Accelerated Reader?

Accelerated Reader (AR) is a reading program used in our Elementary schools to encourage and promote successful reading. It helps students to track their reading comprehension by providing them the tools to measure their improvement. AR places the focus on the careful reading of books, which in turn promotes critical thinking.

Students select a book at their independent reading level (determined by the STAR reader test) and read at their pace. When finished, your child takes a short quiz on the computer. (Passing the quiz is an indication that the student understands what they read.) AR provides feedback based on the quiz results, which the teacher then uses to help students set goals and direct ongoing reading practice.

Students are working toward AR goals set by their teachers throughout the school year and can earn rewards. Goals are created to help students stay motivated to continue reading and become better readers.

Pictured above: (left 2 images) Students from East Elementary School who met their first nine weeks AR reading goal were rewarded with a fields trip to Shakamak State Park, where they had a blast exploring and experiencing many learning opportunities outside the classroom. (Right image). Students from North Elementary celebrated their AR goals by walking to El Patron where they enjoyed nachos, sodas and had so much fun!

Boys Night Out at the Wonder Lab

The Wonder Lab hosted Boys night out at the end of October for boys in grades K-6 and their favorite guy-pal. Approximately 85 people were in attendance.

Wonder Lab Coordinator, Gretchen Brown, was eager to welcome back students and their special guests for an evening with community speakers, STEAM (Science, Technology, Engineering, Arts & Agriculture, and Mathematics) stations, make and take activities, and refreshments.

“We had several STEAM stations set up in various rooms in the Wonder Lab for our guests to wander

around and participate,” Brown Said.

Brennan Crooks, guest speaker and NESC alumni, shared how he uses a drone in his line of work as an insurance claims adjuster for Indiana Farm Bureau Insurance. Participants also coded Bee-Bot Robots, worked on Snap Circuits as an introductory to electrical circuits, designed skeletons using different types of pasta, Halloween STEAM challenges, and many more activities.

Pictured on this page: NESC students and their special guests enjoy an evening of WONDER activities centered on STEAM (Science, Technology, Engineering, Art & Agriculture, and Mathematics) during the Wonder Lab “Boys Night Out” event.

NESC Upcoming Dates

Wednesday, November 24th - Friday, November 26th

Thanksgiving Break - No School

Friday, December 17th

End of 1st semester

Monday, December 20th - Friday, December 31st

Winter Vacation - No School

Monday, January 3rd

Classes Resume
